

CATHOLIC MEN TO BE GREETED BY PRESIDENT

National Council Convention
Delegates Will Go to White
House Sept. 22.

President Harding will receive the representatives of one million Catholic laymen who will assemble in Washington on September 20, 21 and 22, for the first annual convention of the National Council of Catholic Men. The delegates will be received by the President on Thursday, September 22, at 1 p. m., in the White House.

One of the features of the convention of Catholic men will be the presentation of two classical, one-act plays, under the auspices of the Dramatic Guild of the District of Columbia Council of Catholic Men. Distinguished public officials and the Ambassadors of foreign nations will be the guests of the men's council for the presentation of these dramas.

The first session of the convention will be devoted to the problems of immigration, citizenship instruction, Boy Scout work and rural problems. The Rev. Edwin V. O'Hara, who has made intensive study of the rural problems under the auspices of the National Catholic Welfare Council, will present a comprehensive report of the results of his work in the West. A report of the work already done overseas by the National Council of Catholic Men, Bureau of Immigration, will also be presented.

Many Catholic lay leaders of national prominence will represent their respective districts. The convention will be officially opened by the celebration of Solemn Pontifical Mass in St. Patrick's church on the morning of the first day. The Most Reverend John Bonzano, apostolic delegate, will be the celebrant.

All business sessions of the convention will be held in the ballroom of the Willard Hotel.

A mass meeting will be held in the gymnasium of the Catholic University on September 21, and an extensive program for the visiting delegates will be a feature of the convention. The management of all the railroads in the United States have made a substantial fare reduction for those attending the convention. The reduction is based upon fare and one-half for the round trip on the certificate plan. Arrangements will be made by the carriers so that ticket agents may be prepared to give information and sell tickets under the tariffs which will be issued to cover.

English Women Are Caught in Cretonne Craze

LONDON, Sept. 17.
ENGLISH femininity has been caught in a cretonne craze. Every phase of fashion fades before this multi-patterned, myriad-colored fabric.

The cretonne girl trips along the streets in her frock of floral and zoological effects, her head swathed in a turban of contrasting mixtures.

Her feet are encased in cretonne shoes and she carries a cretonne handbag and coquets with a cretonne sunshade.

Baby carriages are upholstered in cretonne and propelled by cretonne-clad matrons.

PATIENCE OF OFFICE SEEKERS REVEALED

Remarkable Persistence of Political Job Hunters Demonstrated in the Capital.

One office seeker now in Washington seems to be determined to retain the record for long-time waiting. He arrived the day Senator Harding reached here to be sworn into office and is still on the job.

If persistence is a requisite of the job, he is seeking, the suggestion is being made, he ought to land.

A well-known Senator, discussing the persistence of office seekers following a change of administration, recalled one applicant who drove to the leading hotel in state, stayed there as long as he could, then moved to a slightly lower-priced hotel, then to one still less expensive, next to a boarding house where he had a private bath, then to a room without bath, and next to a little hall bedroom.

Persistence won in his case, however, as he finally landed a temporary job hustling boxes in the basement of a department building and from that got a clerkship. He is still here as clerk, although his first ambition was a diplomatic position.

\$20,000 for Waiting.
CHICAGO, Sept. 17.—Charging that John Q. Allen called it off by phone while wedding guests waited, Mrs. Mabel Laris, of Chicago, filed suit for \$20,000, alleging breach of promise.
